Respondent, In Pro Per

SUPERIOR COURT OF CALIFORNIA

COUNTY OF LOS ANGELES

CENTRAL DISTRICT

In Re Marriage of: SHANNON MINOR, Petitioner, v. HALSEY MINOR, Respondent.	Case No: **24STFL00432** **DECLARATION OF RESPONDENT IN SUPPORT OF BRIEF**

I, Halsey Minor, declare:

1. I am the Respondent in the above-referenced matter. I am personally familiar with all of the facts stated herein below. If called upon to testify as to these facts, I could and would do so competently of my own firsthand knowledge, accepting those matters attested to on information and belief, and as to those, I believe them to be true.

2. I reside at Punta del Mar, Blvd. Kukulcán, Depto. 602, Zona Hotelera, Cancún, Quintana Roo, Mexico 77500. I have resided in Cancún, Mexico throughout the relevant period addressed in this declaration.

3. I have not filed Judicial Council form EFS-005-CV or any other written consent to electronic service. I have never affirmatively authorized Petitioner or Petitioner's counsel to use email as formal service of motion papers on me.

4. On February 24, 2026, multiple separate mailings from Petitioner's counsel were delivered together to my building/front desk in Cancún, rather than arriving separately in the ordinary course. The papers in that bundled delivery corresponded to documents that had previously been claimed as served on different dates. Attached hereto as **Exhibit "A"** are photographs of the bundled delivery and the individual envelopes, together with the available building/front-desk documentation reflecting the February 24, 2026 delivery date.

5. Supporting witness declarations from the building/front-desk representative and from the person who retrieved the bundled delivery corroborate that these mailings arrived together on February 24, 2026. Attached hereto as **Exhibit "B"** is a copy of the declarations.

6 I did not receive those papers in time to prepare a meaningful written response before the hearings and deadlines to which they related. By the time I received the bundled delivery, relevant hearing dates had already passed.

7. Because I did not consent to electronic service, any email transmission from Petitioner or Petitioner's counsel could serve only as informal notice unless and until I affirmatively agreed otherwise in writing.

8. Upon examining my computer following discovery of the compromise described above, I identified documents that had been created and inserted into my files that I had never authored. These fabricated documents were created using my accounts during the period of unauthorized access. This discovery prompted me to file a detailed police report with the investigating officer who had been assigned to related matters involving my former spouse.

9. I made repeated requests — on at least five separate occasions — that the investigating officer contact Google to place an evidentiary hold on my account to preserve evidence of the unauthorized access and any fabricated or altered communications. The officer declined to do so on each occasion. The officer contacted Google only after an internal affairs inquiry was initiated. Attached hereto as **Exhibit "C"** is a copy of Documentary evidence of requests to investigating officer to contact Google for evidentiary hold and officer's failure to act until internal affairs review.

10. I have filed a criminal referral regarding the conduct of Petitioner's counsel in connection with this matter. That referral, together with the underlying investigation, is currently under review by the District Attorney's office. I state these facts solely to place them in the record and to further explain why electronic communications associated with my accounts cannot be treated as reliable for purposes of service.

11. I submit this declaration solely in support of the Court's ordered briefing on service and notice. Nothing in this declaration is intended to waive any objection to defective service, lack of timely notice, or any relief otherwise available under Code of Civil Procedure section 473(d).

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. Executed on this 27th day of March 2026, at Cancún, Mexico

DECLARATION OF BUILDING MANAGER REGARDING RECEIPT OF MAIL (DECLARACIÓN DE LA GERENCIA DEL EDIFICIO SOBRE LA RECEPCIÓN DE CORRESPONDENCIA)

(Special Appearance / Comparecencia Especial)

ENGLISH TEXT
I, María Fernanda Sánchez Perez, declare as follows:

1. I am an adult over the age of 18. I am the Manager at the residential apartment building located at: Punta Del Mar, Kukulcan Boulevard, Hotel Zone, 77500 Cancún, Quintana Roo, Mexico. In my capacity as Manager, I hold ultimate accountability for the building's operations, I oversee the front desk staff, and I manage the official receipt of mail for our residents.
2. On **February 24, 2024**, our front desk received a single, unusual delivery of mail from the Mexican Postal Service directed to the resident, Halsey Minor.
3. I am fully aware of my employees' actions and the events that occur in this building, and I have verified these facts directly with my staff. Specifically, the postal worker dropped off exactly ten (10) different envelopes/packages all at the exact same time. The sender listed on these packages was Lance Spiegel / opposing counsel's law firm in the United States.
4. The Mexican postal worker simply dropped the packages at the front desk and left. The postal worker did not ask my staff to sign for them, did not ask the resident to sign for them, and did not collect any official return receipt or signature whatsoever.
5. My staff and I observed that the postmarks on these packages were from much earlier dates, including early December 2023, despite them all arriving in a single batch on February 24, 2024.
6. Upon receiving this large, un-receipted delivery, my staff called the resident's unit to inform them packages had arrived.
7. Shortly after, the resident's girlfriend, Julia Mironova, came downstairs to the front desk. My staff handed the entire batch of ten (10) sealed packages directly to her under my authority.
8. Because I hold accountability for this property, I am the same individual who previously signed and stamped an initial written statement confirming the exact delivery. I am now executing this formal declaration and affixing the official stamp of our building (*Punta Del*

TEXTO EN ESPAÑOL

Yo, María Fernanda Sánchez Pérez *, declaro lo siguiente:*

1. Soy una persona adulta mayor de 18 años. Trabajo como Gerente en el edificio de apartamentos residenciales ubicado en: Punta Del Mar, Kukulcan Boulevard, Zona Hotelera, 77500 Cancún, Quintana Roo, México. En mi capacidad de Gerencia, tengo la responsabilidad final de las operaciones del edificio, superviso al personal de recepción y administro la recepción oficial de correspondencia para nuestros residentes.

2. El **24 de febrero de 2024***, nuestra recepción recibió una entrega única e inusual de correspondencia por parte del Servicio Postal Mexicano dirigida al residente, Halsey Minor.**

3. Estoy plenamente al tanto de las acciones de mis empleados y de los eventos que ocurren en este edificio, y he verificado estos hechos directamente con mi personal. Específicamente, el cartero dejó exactamente diez (10) sobres/paquetes diferentes, todos exactamente al mismo tiempo. El remitente indicado en estos paquetes era Lance Spiegel / la firma de abogados contraria en los Estados Unidos.

4. El cartero mexicano simplemente dejó los paquetes en la recepción y se fue. El cartero no le pidió a mi personal que firmara por ellos, no le pidió al residente que firmara por ellos, y no recolectó ningún acuse de recibo oficial ni firma en absoluto.

5. Mi personal y yo observamos que los matasellos en estos paquetes tenían fechas mucho más antiguas, incluyendo principios de diciembre de 2023, a pesar de que todos llegaron en un solo lote el 24 de febrero de 2024.

6. Al recibir esta entrega grande y sin acuse de recibo, mi personal llamó al apartamento del residente para informarles que habían llegado paquetes.

7. Poco después, la novia del residente, Julia Miranda *, bajó a la recepción. Mi personal le entregó el lote completo de diez (10) paquetes sellados directamente a ella bajo mi autoridad.*

8. Debido a que tengo la responsabilidad de esta propiedad, soy la misma persona que anteriormente firmó y selló una declaración escrita inicial confirmando esta misma entrega. Ahora estoy ejecutando esta declaración formal y estampando el sello oficial de nuestro edificio (Punta Del Mar Cancun S.A. de C.V.) junto a mi firma a continuación para autenticar mi identidad, mi autoridad gerencial y la absoluta veracidad de estos hechos.

Declaro bajo pena de perjurio, según las leyes del Estado de California, Estados Unidos de América, y las leyes de los Estados Unidos Mexicanos, que lo anterior es verdadero y correcto.

AI Overview
Based on the provided emails, you have repeatedly urged Detective Alex Kale (akale@beverlyhills.org) to contact Google regarding your case:
Initial Request: On March 29, 2024, you first implored the department to contact Google immediately to place a legal preservation hold on your hacked email account to secure access and deletion logs.
Repeated Demands: You asked the detective at least four times over 654 days to contact Google to stop the scheduled deletion of incriminating emails that matched your police report.
Detective's Response: You allege Detective Kale failed to contact Google, ignored the requests, and eventually told you to contact the Google law enforcement bureau yourself.
Consequences: You claim this failure resulted in the permanent destruction of evidence by Google's auto-delete systems.
Recent Action: Documentation indicates a Google preservation hold was finally initiated on January 12, 2026, which you noted was 654 days late.

IN RESPONSE

Officer Kale

This is now the fourth time I am formally requesting that you contact Google to preserve and recover emails that constitute material evidence in an active investigation involving grand theft and attempted murder, provided only to you.

You were explicitly notified that the information provided to you became a functional template for a hacking incident, and that this same information later appeared—nearly verbatim—in a strategic motion filed by the primary suspect's attorney in family court. That alone should have triggered immediate preservation of evidence.

Any police officer in the United States understands that once evidence destruction or compromise is suspected, preservation through the service provider is mandatory. The **fact that you have refused—four times—**to spend approximately 45 minutes contacting Google, even though you know that I, as a private citizen, am legally unable to do so despite repeated attempts, **is extraordinary.**

The only plausible explanations for this refusal are either gross incompetence **or that preservation of the evidence is not in your personal interest.** Multiple police chiefs I consulted before invoking Marsy's Law confirmed that those are the only two explanations they could conceive of.

To be absolutely **clear**:
A police officer who knows evidence has been destroyed and still refuses to preserve what remains is not behaving in accordance with standard investigative practice.

This matter has now escalated to Internal Affairs. Your continued refusal—even after notification of that fact—to take the most basic investigative step only compounds the seriousness of the situation given 24 hours, 48 hours ago. You did not act or notify.

I am asking again, and for the final time, that you immediately contact Google to:
1. Stop any further destruction of emails, and
2. Recover as much of the compromised material as possible.

No reasonable investigator will believe that a responsible officer, informed of compromised evidence in a major criminal matter, simply "had no interest" in preserving it.

At this point, your best course of action is to act now and do what any competent officer would have done 6 months ago.

Your failure to do so nearly cost me $250,000 in family court fines, as well as the inability to present the money she stole and deposited at Vanguard as evidence in a criminal trial.

Had I not been able to use AI to figure out that the **motion that Lance put before the court was a 10 billion to 1 shot**, or he **knew two things:**

1. The email in question had been hacked, and I could not recover it from my computer, as described in the report given to you.

2. The police officer in charge had not recovered the email.
